

## GET Opportunities Event – 2011

### Update

Guidance and Employability Team (GET) at Medway organised the “GET Opportunities Event 2011” on the 12<sup>th</sup> Oct 2011 at Medway Campus to provide the students with the opportunity to further explore their prospects for graduate, part time work, summer & year placements, work experience or volunteering opportunities. There were also networking opportunities for prospective entrepreneurs to discuss about their business ideas at the workshop. There were around 32 employers and businesses that were there to provide the students with guidance and employability tips. There was a lot of interest and enthusiasm from School of Engineering students, and the employers were really impressed by the level of professionalism shown by our students.

### Employers Attended

|                           |                               |   |
