

Technology Lectures 2009 - 10

BA Architecture

Years 2 and 3 (full time)

PDA3 & PDA4 (part time)

Venue: Mansion Site – Norbert Singer M055
Maritime campus – Queen Anne Court (Greenforum)

Time: 17:30 to 18:30 Tuesdays

Week4	Tue	13	Oct	Tech lecture 1 @ 5.30pm Norbert Singer Lecture Theatre M055 Rahesh Ram presents: "As good as it gets" to get a building built – from inception to completion
Week5	Tue	20	Oct	Tech lecture 2 @ 5.30pm Norbert Singer Lecture Theatre M055 Integrated design technology Introduction: Rahesh Ram, Reenie Elliott, Fredrik Walin & Francois Girardin Introduction to lecture series, arrangements for studio integration, outcomes, atelier technology positions, schedule, portfolios and assessment, course spec, dressing buildings for the weather.
Week6	Tue	27	Oct	Tech lecture 3 @ 5.30pm Norbert Singer Lecture Theatre M055 Reenie Elliott presents: iNViSiBLE_architecture.co.uk: Invisible architectures can be found in disappearing boundaries, temporary conditions, changes over time, lost spaces, transient occupations of space, shifting boundaries, traces of history, structures of community and the like.
Week7	Tue	3	Nov	Tech Lecture 4 @ 5.30pm Norbert Singer Lecture Theatre M055 Pete Silver presents: Computer – Aided – Design: An exploration of the relationship between computing and architectural design from the point of view of the capacity of machine logic to digitise, analyse, and predict.
Week8	Tue	10	Nov	Tech Lecture 5 @ 5.30pm Norbert Singer Lecture Theatre M055 Fred Scott presents: Altering Architecture: Drawing on themes set out in his forthcoming book, Fred Scott examines the demise of the room. Relegated to the archives, the room bleeds into infinite space and the endless grid of twentieth century architecture. Fred charts it's near extinction and subsequent rediscovery in the shadows of the close of the century.
Week9	Tue	17	Nov	Tech Lecture 6 @ 5.30pm Norbert Singer Lecture Theatre M055 Francois Girardin presents: Sizing + Dimensioning: Scale, drawing types, architects pocket book, representation, presentation, working drawing, packages, metric + imperial, conventions, codes, dwarf Milan table, sample drawings"
Week10	Tue	24	Nov	Tech Lecture 7 @ 5.30pm Norbert Singer Lecture Theatre M055 Desmond Byrne presents: Foundations:
Week11	Tue	1	Dec	Tech Lecture 8 @ 5.30pm Norbert Singer Lecture Theatre M055 Adam Watkins presents: Environmental thinking:
	Wed	13	Jan	GREENwichFORUM @ 3pm maritime campus Mark Titman presents: Green Forum. This will include some lectures during the day and an exhibition launch in the evening.
Week18	Tue	19	Jan	Tech Lecture 9 @ 5.30pm Norbert Singer Lecture Theatre M055 Fredrik Walin presents: Thermal Strategies
Week19	Tue	26	Jan	Tech Lecture 10 @ 5.30pm Norbert Singer Lecture Theatre M055 Orla Kelly present: Glass + glazing
Week20	Tue	2	Feb	Tech Lecture 11 @ 5.30pm Norbert Singer Lecture Theatre M055 Alan Powers present: Forward through the rearview mirror Challenging a convention of progress in technology and history: is a technically driven convention of historical development useful? Alan expands on diverse views of history and progress; Laugier, the Parthenon, Wes Jones 'primitive hut', Paxton, Chicago, Ancient Rome, Perret, Corbusier, showing sample details along the way."
Week 21	Tue	9	Feb	Tech Lecture 12 @ 5.30pm Norbert Singer Lecture Theatre M055 Cordula Weisser presents: Innovative materials
Week 22	Tue	16	Feb	Tech Lecture 13 @ 5.30pm Norbert Singer Lecture Theatre M055 Geoff Ward presents: Weathering over time: How does architecture change over time? Geoff explores the transformations, sublimations, degradations, permanence and transience of materials in all sorts of weather.

Week 23	Tue	23	Feb	Tech Lecture 14 @5.30pm Norbert Singer Lecture Theatre M055 To be announced RNS
Week 24	Tue	2	Mar	Tech Lecture 15 @5.30pm Norbert Singer Lecture Theatre M055 To be announced RNS
