

My Library & IT Tab (for Staff)

Check your library book account status, reserve and request books online

New **IT Services** channel gives staff access to IT help desk and switchboard, as well as link to IT training and guides. Also provides steps for connecting to the University's WI-FI.

The **Library Catalogue** channel now offers the 'choose your school' feature to allow you to search for books within your school (new/recent items).

New **Library Services** channel gives access to even more library services.

New link to **Submit your Reading List** is now available in the new Library Services channel.

New **Support for Remote Users** channel offers help for staff who are not on campus.

The **e-Library** channel gives users access to the library databases.
