

Lecture Series in Selected Topics in Post-Keynesian, institutionalist, feminist and Marxian political economy 2017 Session

The Greenwich Political Economy Research Centre- GPERC (University of Greenwich), FEPS (Foundation for European Progressive Studies) and Kingston University are jointly organizing a series of lectures in advanced macroeconomics based on a political economy approach combining institutionalist, feminist, Keynesian and Marxist traditions.

The lecture series builds on the research expertise of staff in political economy at both universities; we also host Dr Ernst Stetter from FEPS. The lectures alternate between the University of Greenwich and Kingston University, are free and do not require pre-registration.
