

# Windows VISTA

## Regulations

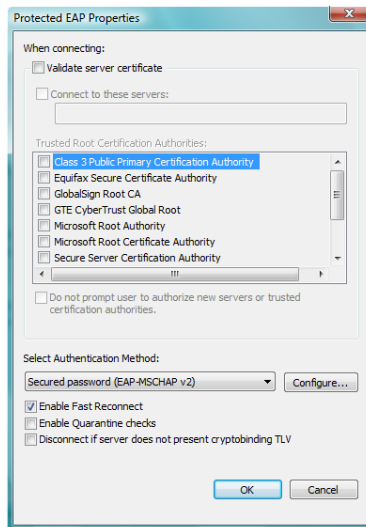

Before connecting to the network, you should familiarise yourself with the regulations for computing use at the University of Greenwich. You are reminded that when using the University of Greenwich computing facilities you are bound by the: Regulations for the Use of Computing Facilities at the University of Greenwich. The full set of regulations can be viewed at: <http://www.gre.ac.uk/offices/ILS/ict/policies>

- Click on the Start icon  and select **Control Panel**
- Choose **Network and Sharing Center**
- Select **Manage Wireless Networks** from the list on the left
- Click **Add**
- Choose to **Manually Create a Network Profile**
- Add the Network name: **GreenNET**
- Choose the Security type: **WPA2**
- Choose the Encryption type: **AES**
- Make sure both boxes are ticked:
  - Start this connection automatically
  - Connect even if the network is not broadcasting

- Click **Next**
- It will tell you that it has **Successfully added GreenNET**. Now you need to click on **Change connection settings**
- Select the **Security** tab and click on **Settings**
- Untick **Validate Server Certificate**
- Tick **Enable Fast Reconnect**
- Select Authentication method: **Secured password (EAP-MSCHAP v2)**

- Click on **Configure**

- Untick **Automatically use my windows password ...**
- Click OK until you return to the **Manually connect to a wireless network** window
- Click on **Connect to ...**
- Select **GreenNET** as the network to connect to and click **Connect:**
- Click on the bubble **Additional information is required to connect to GreenNET**

- Type your **full email address** as the User name (eg. bc123@gre.ac.uk)
- Type your **login** password
- Leave the Logon Domain field blank
- Click **OK**. Your laptop should now authenticate your credentials with University of Greenwich and, if successful, gain network access.
