Comments:

- (1) I knew a lot about APS but still found out some interesting information about future developments. Unfortunately because of the fire alarm I couldn't return to the last workshop on Use of Media with HE due to a prior engagement so I look forward to receiving the slides.
- (2) The Student Ambassadors do a great job and it was good to hear about their work in Schools. This should be publicised more widely.

- (3) UCAS Tariff was well presented with good coverage of subject in time available.
Use of Media in HE was probably delivered slightly too superficially. Something was missing.
- (4) All very informative sessions and opportunity to debate/discuss.
- (5) Everyone was so enthusiastic - it was difficult not to feel inspired. Please could the presentations be made available.
