

# 2026

University of Greenwich  
Awards Ceremonies

# Welcome to your graduation ceremony

Today is a moment to celebrate you - everything you have worked for, learned, and achieved. It is the day your hard work pays off, and your time to celebrate with the people who matter most - your friends, family, and loved ones.

Your dedication to your studies, your personal and professional growth, and your own success have been truly inspiring to see.

Your lecturers, tutors, peers, and supporters have all helped you to realise your potential. As a graduate of the University of Greenwich, you now join a global community of alumni who are making a positive impact in the world.

But your journey with us does not end here. Whether you are seeking career advice, considering further study, or simply want to stay connected - we are here for you.

You can join our dedicated LinkedIn group for alumni - a space to stay in touch with the university, network, share insights, and even

mentor others. You also have access to our Employability Service for up to two years. And if you are thinking about continuing your studies, you can apply quickly through Fast Track and explore our extensive funding options which include scholarships and bursaries.

You will find all the details on our website. And we would love to stay in touch — let us know where life takes you next by updating your contact details with our Alumni Team.

We cannot wait to see all that you go on to achieve.

Congratulations, and best of luck for the future.

No matter where life takes you, you will always be part of the Greenwich family.

**Professor Jane Harrington**  
Vice-Chancellor and CEO,  
University of Greenwich

*“Congratulations  
on your  
graduation!”*

# The Rt Hon the Lord Boateng

CVO DL, Chancellor

It is a great honour to celebrate this milestone with you. Today marks the culmination of your hard work, determination and resilience, and I am proud to join your families, friends, teachers and supporters in applauding your achievements.

Graduation is not only a time to reflect on all that you have accomplished but also to look forward to the future. You are now part of a global community of University of Greenwich alumni – individuals who have walked across the stage just as you have, and who have gone on to make their mark across every corner of society.

As you leave the university, you carry with you the knowledge, skills, friendships and values that have shaped your time at Greenwich. These are the tools that will support you through the challenges ahead and the foundation on which you will build your career, your aspirations, and your contributions to the world.

You graduate in a time of immense possibility, but also of real challenges. Now more than ever, we need graduates

who are not only capable and curious, but courageous, compassionate and resilient. I believe that each and every one of you has the potential to lead, to inspire, and to make a difference.

At the University of Greenwich, our values of inclusivity, collaboration and impact are central to who we are. I encourage you to carry these with you and let them guide your actions and ambitions.

Wherever your journey takes you, know that you will always be an important part of our Greenwich community. We want to hear about your next steps and future endeavours, so please do stay in touch.

Well done for all that you have achieved so far. I wish you every success and happiness in the future.

Paul

# Congratulations

On behalf of the Royal Borough of Greenwich, it gives me great pleasure to congratulate you on your well-deserved success and your academic achievement. I hope you had a great deal of fun and made some life-long friends on the way.

This is a proud moment for you and your family but it's also a proud moment for the Royal Borough.

I am sure today will just be the first of many such proud successes for you in your life. Please join the Alumni of the university so you can put something back.

I look forward to your Graduation Ceremony at the University of Greenwich in 2026 and hope to meet you in person.

Best wishes for a healthy, happy and successful future. Once again, well done!

Councillor David Gardner  
Mayor of the Royal Borough of Greenwich

To all this year's graduates of the University of Greenwich, I extend my heartfelt congratulations on your successful graduation, and I hope today is a stepping stone to many more great achievements in your future lives and careers.

Many of you will have spent time at the university's Medway campus, and I hope you enjoyed our historic heritage sites and became a part of our fantastic communities and strong cultural scene. For my family and many others, Medway has always been a place of aspiration, and that we are home to so many students in higher education strengthens the shared ambitions in our towns. Whatever campus you studied at (and if you didn't study at Medway, you're always welcome to visit us!) our community extends its best wishes.

Of-course, while graduating might be a time of great excitement for the future, it can also be a time of trepidation at stepping out into the wider world. May you take confidence from everything you've learnt in the last few years – in graduating from the University of Greenwich you've given yourself a great start.

Whatever your future plans, take time to celebrate this moment and reflect on your great achievement.

I hope your university days stay with you for the rest of your life, along with the friends you've made here, and I wish you all the best for the future.

Councillor Douglas Hamandishe  
Mayor of Medway

# Marion Regan MBE

Honorary Doctor of Science (HonDSc)

Marion is a prominent British agriculturalist and business leader, and one of the UK's most influential growers of food produce. She is a prominent figure in UK farming and appears regularly in science and farming media.

After studying botany at Oxford University, Marion started her career at Hugh Lowe Farms in Kent. She rose through the ranks to become the farm's joint owner and a specialist in soft fruit. The farm has been the exclusive supplier of strawberries to the Wimbledon tennis championships for 30 years, using an approach based on sustainability and biological pest control, and she was awarded an MBE in 2014 for services to the fruit and vegetable industry.

Marion has longstanding links with the university. Through her partnership with the School of Science and its Natural Resource Institute in the Faculty of Engineering and Science, she has provided research opportunities, materials and employment for Greenwich students for years. She has participated in campus events and ran a stand at the RHS Chelsea Flower Show for the School of Science in 2025.

# Robert Taylor

Honorary Doctor of Science (HonDSc)

Robert (Bob) Taylor is the co-founder and chairman of the Kent Farmers Market Association (KFMA), a non-profit organisation that provides outlets for more than 400 producers to sell their goods directly to consumers at over 1,400 market events every year, and promotes sustainable agriculture.

During the COVID-19 pandemic Bob orchestrated the 'Eat Kent' project, which built on the growth in interest in eating and cooking local produce to increase sales from local traders across the county and ensure the supply of high-quality food to families.

Bob's ongoing tenure as a board member for the National Association of Farm Shops and Farmers Markets is just one of the many ways he influences and improves the availability of fresh produce in the Kent area. Through the KFMA he has also partnered with the NHS in Kent to promote health eating and weight loss.

He also works within the Gravesham, Medway and Swale Food Innovation Partnership to facilitate groundbreaking research on the relationship between markets and community dynamics. His vital work in supporting the local food chain has encouraged consumers and growers alike to create a rapidly expanding ecosystem of healthy eating throughout Kent.

# Welcome to the Alumni Community

Today you join a community of over 300,000 Greenwich alumni. As a graduate, your journey with the University of Greenwich is just beginning, meaning you can now benefit from many exclusive resources and benefits. The best part is that becoming an alumnus is automatic, free and lifelong.

Wherever your journey takes you, you will always be a Greenwich graduate, but if you are unsure about what to do next, we have some suggestions to help you.

## Connect with the Greenwich community

Join our exclusive LinkedIn group and connect with alumni spanning generations to stay informed and gain access to professional networking with like-minded people. Whether you are looking to broaden your professional networks, seek a mentor / be a mentee, reconnect with former classmates or share career insights with fellow alumni, this is the place for you. It might not be today that you need any of these resources, but when you do, the alumni community is here for you.

Join our University of Greenwich Alumni LinkedIn group

Follow us on socials: Instagram, LinkedIn, Facebook

## Take control of your career

As a recent graduate, you can access free support from the Employability Service team for up to two years after completing your studies. Our Target Connect platform - your one-stop shop for accessing coaching appointments, events, graduate jobs and more remains a very important tool. Support is here, as you navigate your career: Careers | University of Greenwich

## Discover how our Employability Service supports graduates

*“The Employability Services at the University of Greenwich played a crucial role in shaping my career journey. From the moment I began exploring opportunities as a student, their expert advice, one-to-one support, and encouragement kept me focused and motivated. Target Connect was more than just a platform to find opportunities—it became central to my development, allowing me to book appointments, access*

*tailored advice, and participate in university-wide events that helped grow my professional network and confidence. Through Target Connect, I secured my initial placement as an Employer Engagement Assistant at the university, gaining hands-on experience and valuable skills with ongoing support from the Employability Service. This ultimately led to securing a graduate role as an Employability Team Administrator, a milestone I’m incredibly proud of. I strongly encourage all students and graduates to take full advantage of the Employability Service and Target Connect, as they are powerful tools for turning ambition into achievement.”*

**Sreeraj Premarajan**  
MBA International Business

*“I was delighted to take part in the Greenwich Employability Service’s Mentoring Scheme after I graduated. As I continued my School of Education and pivoted in my aspirations from Digital Marketing towards User Experience Design, I found the need for additional support from a professional who could bring me up to speed in the field. I had heard great things about the Mentoring Scheme at Greenwich and its impressive network, so I didn’t hesitate to apply. I was matched perfectly with a Designer from JPMorgan and I was invited to their offices for an official launch and networking opportunity. It felt great to catch up with familiar faces and make new connections, which made me feel as part of the Greenwich community again.”*

**Djeylan Karadayi**  
BA Advertising and Digital Marketing Communications

*“Having access to Target Connect was extremely helpful for my job hunt. It allowed me to easily check my CV and see if it was tailored to the job description, as well as practice psychometric tests. The fact that I had access to a variety of psychometric tests enabled me to pass the real ones easily and move to the next step of the recruitment process. Ultimately, having access to these psychometric tests was extremely beneficial in securing my graduate role in Auditing, and I would highly recommend future graduates to make use of these platforms.”*

**Victoire Briatte**  
BA International Business with Language

The Greenwich Employability Service's Mentoring Scheme gives priority to current students and recent university graduates who are within two years of graduating but are not in full-time employment.

[Find out more about the Mentoring Scheme](#)

## Your opinion matters

Fast forward 15 months post-graduation, you'll be invited to complete the Graduate Outcomes Survey, the UK's biggest annual social survey to help us understand what you've been up to since completing your studies.

Your participation is one of the most meaningful contributions you can make to the students who will follow. Whether you're in full-time, part-time or self-employment or have returned to studying, your input will help to inform how we shape and improve the student journey, ensuring future generations of students benefit from your reflection and feedback. Find out more about the [Graduate Outcomes Survey](#).

## Lifelong learning and discount for study at Greenwich

Power up your career with a master's degree. Learn more about the £3,000 bursary available for eligible alumni.

As a graduate, you can access our university library services. The discounted annual library membership of just £30 provides borrowing rights and Wi-Fi access. You can also apply for free access to online journals on SAGE and JSTOR. [Find out more and apply](#).

## Stay connected

Wherever you go next, you'll always be a member of this amazing community. Keep in touch by updating your contact and career information so we can share the latest alumni news, events and opportunities with you. [Update your contact details](#).

# Your stories through Snapshots

Greenwich Snapshots is all about you - our incredible alumni - and the diverse pathways you've carved since graduation. It's a window into the real possibilities waiting for current and prospective students, told through your authentic voice and experience. Each Snapshot captures the spirit of Greenwich and each graduate's unique journey.

We want to hear from you and are proud to share your stories. Submit a Greenwich Snapshot at a time that suits you. Get inspired today!

## Adarsh Anil

Course: MBA International Business, 2023

Job: Junior Research Consultant

“ When I think back to my time at Greenwich, what stands out most is not just the academic side, but the people... That kind of support changes how you see things. It made me realise how important mentorship and community really are. I think a big part of what I gained from Greenwich came from actually engaging with everything that was available, not just focusing

on classes. The projects, the people, the small, unexpected moments, they all added up. And even now, those experiences still shape how I approach my work and what I want to do next.”

## Jessica Selis

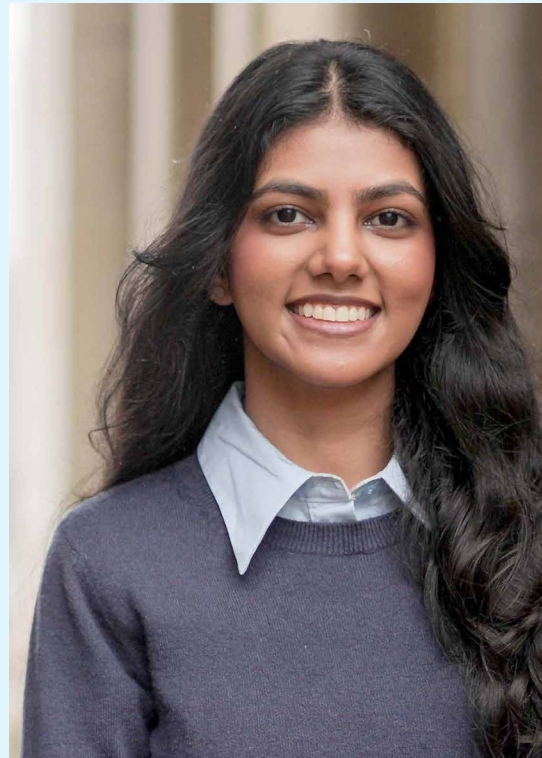

Course: BSc (Hons) Criminal Psychology, 2024

Job: Probation Service Officer

“ I started at Greenwich in 2021, studying Criminology and Criminal Psychology, driven by a dream I had since childhood which was to work in probation... Greenwich gave me the chance to apply what I was learning in real-world contexts, giving me an edge once I graduated... Graduating with a first-class degree was a proud moment. I started applying for roles aligned with my studies and

sought support from the Greenwich Careers Service. They helped me create a strong CV and prepare for interviews, which was invaluable. Out of more than 2,000 applicants, I was offered a position as a Probation Service Officer at the Ministry of Justice.”

## Vidushii Rajiv Verma

Course: BEng (Hons) Software Engineering, 2025

Further study: Product Management

“Academically, the Software Engineering course gave me a strong technical foundation in structured problem-solving, programming and systems thinking. Some modules were demanding, but that challenge helped me build discipline and analytical skills that are essential in the technology sector... Beyond lectures, I actively invested in experiences

that strengthened my employability and engagement with the university community. I worked in student roles on campus, served as an academic representative, supported and ran societies, participated in hackathons, and engaged with university initiatives.”

#### Doctor of Philosophy

Chanaka Prasad Premarathna Alupathgala Kankanamalage  
in recognition of a programme of work entitled: "Application of Industry 4.0 Control and "Digital Twinning" to Pneumatic Conveying"

Filippos Pelekoudas Oikonomou  
in recognition of a programme of work entitled: "An Investigation to Enhance Security in IoMT-based Health Monitoring Systems Using Blockchain Technology"

Peter Jones  
in recognition of a programme of work entitled: "Artificial Perception, Confusion and Complexity: Engineering Cortico-Thalamic Loops"

Wednesday 29 July 2026, 1:00pm

| Hossam Hussein Moselhy Sayed Ahmed<br>in recognition of a programme of work entitled "Advanced Medicated Composite Stimuli Responsive Dressings Combining Microgels and Current Moist Dressing Materials for Chronic Wound Healing" |                                       |
| Tumpa Dey<br>in recognition of a programme of work entitled "Continuous granulation processing and particle engineering to enhance the dissolution parameters of poorly water-soluble drugs"                                        |                                       |
| Dinesh Khadka<br>in recognition of a programme of work entitled "Optimisation of Gluten Development Activation Through Mechanical Energy Input (MEI) in Puff Pastry to Reduce Dough Resting Time (DRT)"                             |                                       |

# Faculty of Engineering and Science

## School of Science

**Oriane Elodie Oder**  
in recognition of a programme of work entitled "Hydrogen Bonding Polymeric Materials for Anion Sensing"

**Chinyere Nnidi Oparaeché**  
in recognition of a programme of work entitled "Optimisation of Dry Granulation Method, Excipient Selection, And Machine Learning Technique for the Formulation Of Paracetamol Tablets"

**Boluwatife Oludolapo Sowunmi**  
in recognition of a programme of work entitled "An Assessment of the Hepatoprotective Effects of Moringa oleifera Crude Seed Extracts and Their Enhancement Using Polymeric Nanoparticle Formulations"

**Bradley Ryan Cory**  
in recognition of a programme of work entitled: "Design, Optimisation, and Characterisation of Film Dressings for Delivering Cannabidiol for the Potential Treatment of Chronic Wounds"
