 Mode: M01 Full Time > 24 wks  
 Predicted Year: 2

Providing you successfully progress to the next stage of your programme, please find below details of the anticipated core modules you may study and the options you need to choose from for the next academic year.

You can click on the link of each module to obtain its brief description. Please select carefully as these modules will form your full record for the next academic year. If you do not choose your options by the deadline, your options will be allocated at our discretion. The university also reserves the right to change your modules for academic or operational purposes.

You will not be able to choose elective modules now (options not part of your programme structure). These will have to be chosen and loaded to your record via your faculty office, applying dummy credits to your record in the meantime.

If you have any questions please contact your relevant faculty/department/programme leader.

**Total credit applied so far for year - 90 / 120**

**Students are required to study the following compulsory modules These modules will be assigned to the student's record automatically.**
