

2026

University of Greenwich
Awards Ceremonies

Welcome to your graduation ceremony

Today is a moment to celebrate you - everything you have worked for, learned, and achieved. It is the day your hard work pays off, and your time to celebrate with the people who matter most - your friends, family, and loved ones.

Your dedication to your studies, your personal and professional growth, and your own success have been truly inspiring to see.

Your lecturers, tutors, peers, and supporters have all helped you to realise your potential. As a graduate of the University of Greenwich, you now join a global community of alumni who are making a positive impact in the world.

But your journey with us does not end here. Whether you are seeking career advice, considering further study, or simply want to stay connected - we are here for you.

You can join our dedicated LinkedIn group for alumni - a space to stay in touch with the university, network, share insights, and even

mentor others. You also have access to our Employability Service for up to two years. And if you are thinking about continuing your studies, you can apply quickly through Fast Track and explore our extensive funding options which include scholarships and bursaries.

You will find all the details on our website. And we would love to stay in touch — let us know where life takes you next by updating your contact details with our Alumni Team.

We cannot wait to see all that you go on to achieve.

Congratulations, and best of luck for the future.

No matter where life takes you, you will always be part of the Greenwich family.

Professor Jane Harrington
Vice-Chancellor and CEO,
University of Greenwich

*“Congratulations
on your
graduation!”*

The Rt Hon the Lord Boateng

CVO DL, Chancellor

It is a great honour to celebrate this milestone with you. Today marks the culmination of your hard work, determination and resilience, and I am proud to join your families, friends, teachers and supporters in applauding your achievements.

Graduation is not only a time to reflect on all that you have accomplished but also to look forward to the future. You are now part of a global community of University of Greenwich alumni – individuals who have walked across the stage just as you have, and who have gone on to make their mark across every corner of society.

As you leave the university, you carry with you the knowledge, skills, friendships and values that have shaped your time at Greenwich. These are the tools that will support you through the challenges ahead and the foundation on which you will build your career, your aspirations, and your contributions to the world.

You graduate in a time of immense possibility, but also of real challenges. Now more than ever, we need graduates

who are not only capable and curious, but courageous, compassionate and resilient. I believe that each and every one of you has the potential to lead, to inspire, and to make a difference.

At the University of Greenwich, our values of inclusivity, collaboration and impact are central to who we are. I encourage you to carry these with you and let them guide your actions and ambitions.

Wherever your journey takes you, know that you will always be an important part of our Greenwich community. We want to hear about your next steps and future endeavours, so please do stay in touch.

Well done for all that you have achieved so far. I wish you every success and happiness in the future.

Paul

Congratulations

On behalf of the Royal Borough of Greenwich, it gives me great pleasure to congratulate you on your well-deserved success and your academic achievement. I hope you had a great deal of fun and made some life-long friends on the way.

This is a proud moment for you and your family but it's also a proud moment for the Royal Borough.

I am sure today will just be the first of many such proud successes for you in your life. Please join the Alumni of the university so you can put something back.

I look forward to your Graduation Ceremony at the University of Greenwich in 2026 and hope to meet you in person.

Best wishes for a healthy, happy and successful future. Once again, well done!

Councillor David Gardner
Mayor of the Royal Borough of Greenwich

To all this year's graduates of the University of Greenwich, I extend my heartfelt congratulations on your successful graduation, and I hope today is a stepping stone to many more great achievements in your future lives and careers.

Many of you will have spent time at the university's Medway campus, and I hope you enjoyed our historic heritage sites and became a part of our fantastic communities and strong cultural scene. For my family and many others, Medway has always been a place of aspiration, and that we are home to so many students in higher education strengthens the shared ambitions in our towns. Whatever campus you studied at (and if you didn't study at Medway, you're always welcome to visit us!) our community extends its best wishes.

Of-course, while graduating might be a time of great excitement for the future, it can also be a time of trepidation at stepping out into the wider world. May you take confidence from everything you've learnt in the last few years – in graduating from the University of Greenwich you've given yourself a great start.

Whatever your future plans, take time to celebrate this moment and reflect on your great achievement.

I hope your university days stay with you for the rest of your life, along with the friends you've made here, and I wish you all the best for the future.

Councillor Douglas Hamandishe
Mayor of Medway

Honorary Doctor of the University (HonDUniv)

Brian Johnson

Honorary Doctor of Music (HonDMus)

Chief Superintendent Shaun White

Honorary Doctor of Business Administration (HonDBA)

Dr Sophie Carr

Honorary Doctor of Science (HonDSc)

Dr Carr is a mathematician, statistician and founder of the company Bays Consulting, which uses data science and analysis to solve business problems.

She began her career in aeronautical engineering and flight trials, where an early interest in the impact of information overload in complex fields led her to complete a PhD on the application of Bayesian belief networks.

Dr Carr is an executive committee member for the International Centre for Mathematical Sciences and the Academy for the Mathematical Sciences, and serves on the general council of the Institute of Mathematics and its Applications. She was also the vice president for education and statistical literacy at the Royal Statistical Society.

Widely recognised for her engaging approach to mathematics, including being named the World's Most Interesting Mathematician, she has led multidisciplinary projects across multiple sectors, from predictive algorithms for food demand to assessing housing risks and evaluating cultural education initiatives.

Dr Carr has strong links with the university. She has delivered talks and keynote speeches, and taken part in outreach events with school students to promote mathematics – and particularly encouraging girls to study STEM subjects. Through Bays Consulting she has employed Greenwich graduates and encouraged students to apply for roles.

Mete Coban MBE

Honorary Doctor of Letters (HonDLitt)

A University of Greenwich alumnus currently serving as the Deputy Mayor of London for Environment and Energy, Mete was the youngest elected councillor in the history of the London Borough of Hackney. In this capacity, he delivered the groundbreaking Hackney Community Energy Fund to provide clean, environmentally conscious, community-owned energy for not-for-profit organisations.

As the founder and CEO of the youth-led charity, My Life My Say, Mete led the 2024 'Give an X' campaign to drive voter registration among young people, which helped drive a surge of over 480,000 newly registered voters ahead of the 2024 General Election.

He also established a partnership between the charity and the School of Humanities and Social Sciences to collaborate and guarantee work placement opportunities for our students.

A highly active member of our alumni network, Mete has led workshops, civic outreach programmes and guest lectures designed to engage with students and inspire them to embrace citizenship, youth leadership and politics. His efforts to improve the lives of young people led to him being awarded an MBE in 2020.

David Harewood

OBE

Honorary Doctor of Arts (HonDArt)

An actor, director, author and political activist, David is an acclaimed performer and star of theatre, TV and film.

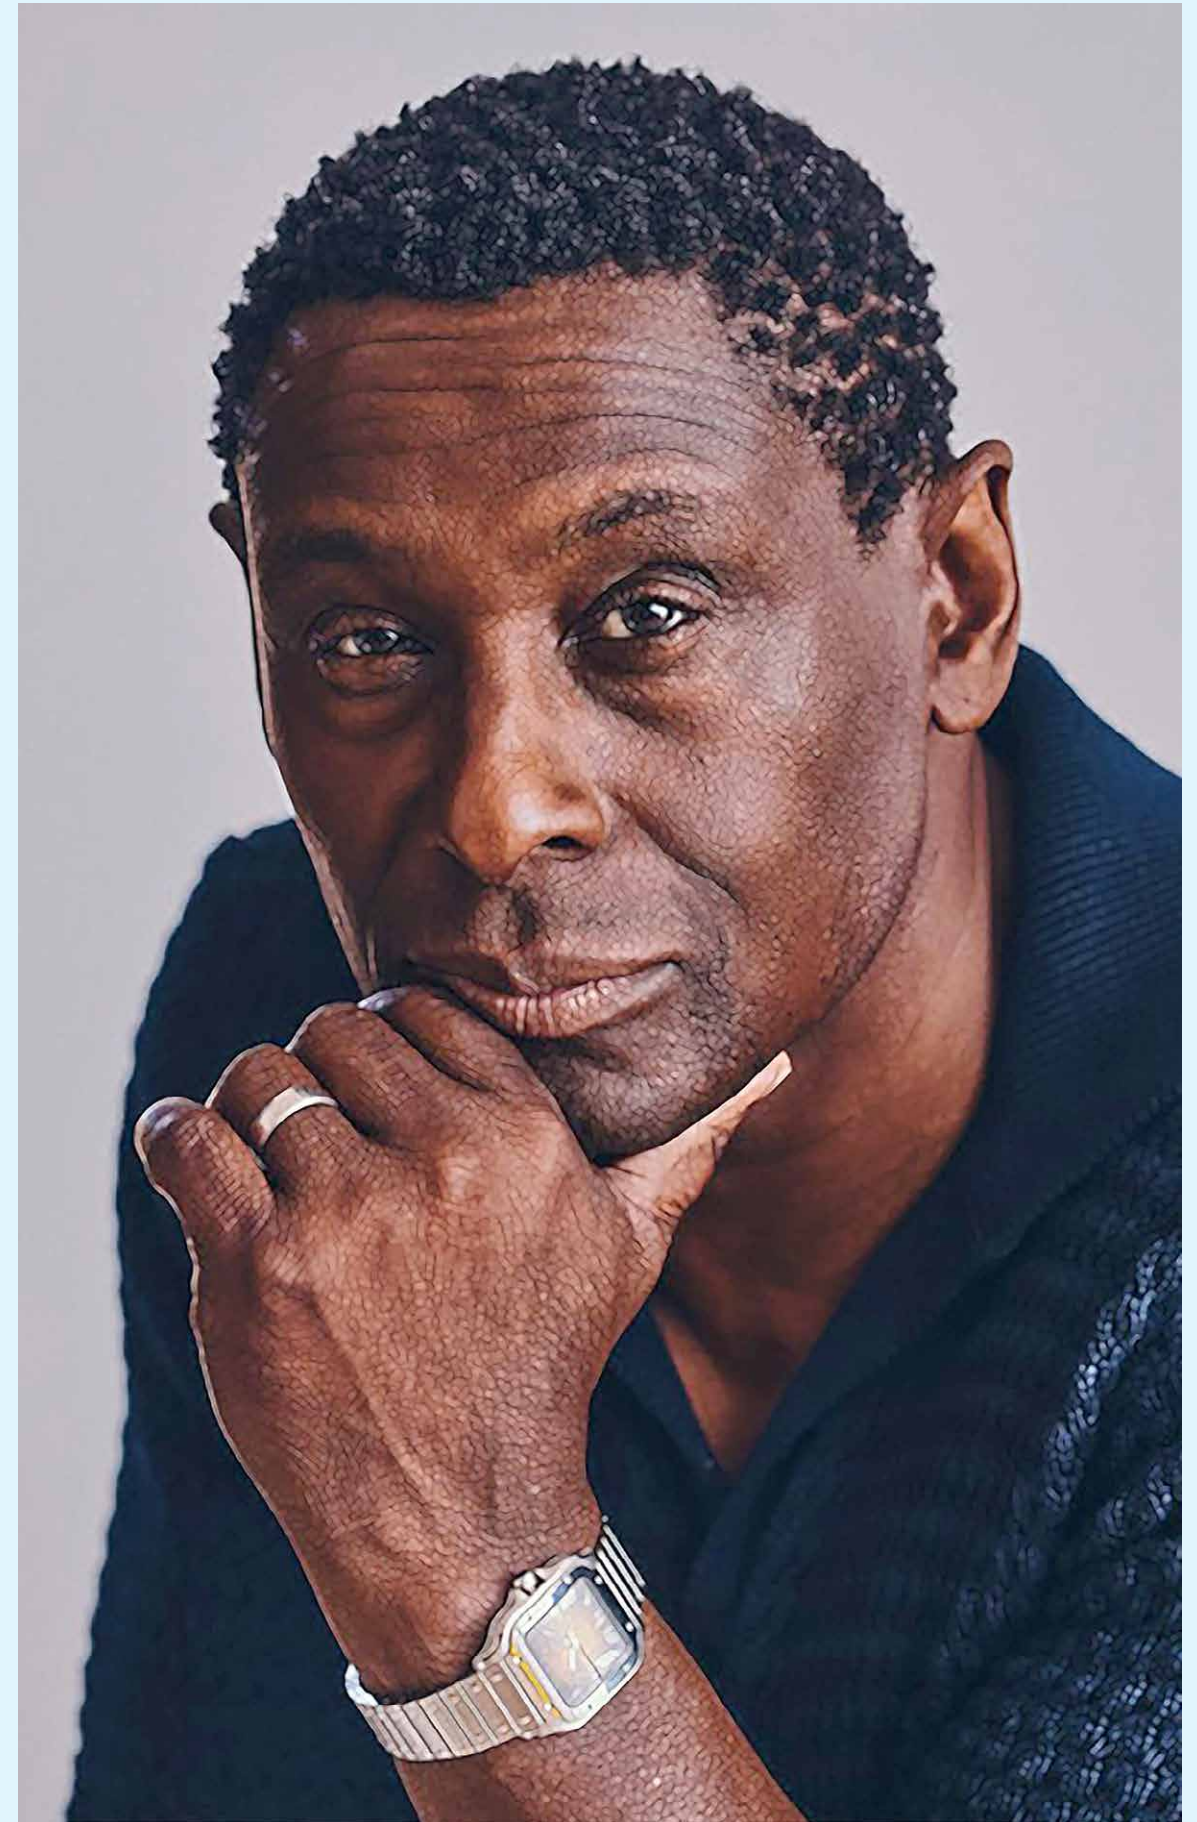

He made history as the first Black British actor to play Othello at the National Theatre in 1997 and has risen to greater prominence as a creative powerhouse, social campaigner and charity fundraiser.

His work as the UK ambassador for UNICEF has helped to highlight the challenges facing neonatal health services and the timely delivery of lifesaving vaccines to children in need.

His 2021 memoir *Maybe I Don't Belong Here* explored his personal struggle with mental health and social inequality, while his critically acclaimed documentary *David Harewood: Psychosis and Me* challenged the stigmatisation of the illness and its impact on young people.

He has also tackled injustices that come from being born as a person of colour in documentaries such as *Black is the New Black*, *Could Britain Ever Have a Black Prime Minister* and *Why Is Covid Killing People of Colour?*

As the current President of the Royal Academy of Dramatic Art, Harewood continues to help shape the performers of tomorrow. He was awarded an MBE in 2012 and an OBE in 2023 for his services to drama and charity.

Dr Alison Heydari

Honorary Doctor of Business Administration (HonDBA)

A champion of trauma-informed, community-based policing at local and national levels, Dr Heydari is the Deputy Assistant Commissioner of the Metropolitan Police Service and the most senior black British female police officer in the UK.

Her policing career began in 2000 with the Hampshire Constabulary, where she progressed through investigative, public protection and leadership roles before joining the Metropolitan Police in 2020 as a frontline policing commander. She has held major strategic roles including leading neighbourhood policing for the Met and serving as the national lead for out of court resolutions.

In 2023 she was appointed programme director for the National Police Chiefs' Council's Police Race Action Plan, driving national work to improve trust, confidence and legitimacy in policing for Black communities.

Dr Heydari obtained a PhD in Criminal Justice from the University of Portsmouth in 2025 and was subsequently appointed a Visiting Fellow at Nuffield College, University of Oxford.

Her partnerships with the Greenwich Business School and our Centre for Research on Employment have created a platform for meaningful collaboration between academia, policing and communities. Her leadership has opened opportunities for students, researchers and practitioners to work together on issues of national importance, including race equity, organisational reform and community trust.

Bronwyn Hill CBE

Honorary Doctor of Arts (HonDArt)

Blackheath resident Bronwyn has achieved much in her long career in public service.

A former senior civil servant, her roles include being regional director for the Government Office for the South West and director general for major projects and London at the Department of Transport, where she was responsible for transport's contribution to the 2012 Olympics plus major projects to support economic growth, including Crossrail. She was awarded a CBE in 2001 for services to transport.

As permanent secretary for the Department of Environment, Food and Rural Affairs between 2011 and 2015, she was one of only eight female permanent secretaries across the entire UK government.

She has continued to influence public policy and governance through non-executive positions. In addition to sitting on the board of the Office for Nuclear Regulation, she is a trustee of The Royal Parks.

Bronwyn served as a member of the University of Greenwich's governing body from 2017 to 2025, first as vice chair and then chair. Notable achievements from this time including working alongside the Vice-Chancellor to steer the university through the COVID-19 pandemic and the return of on-campus teaching, and the creation of our 'This is Our Time' strategic plan to 2030.

Brian Johnson

Honorary Doctor of Music (HonDMus)

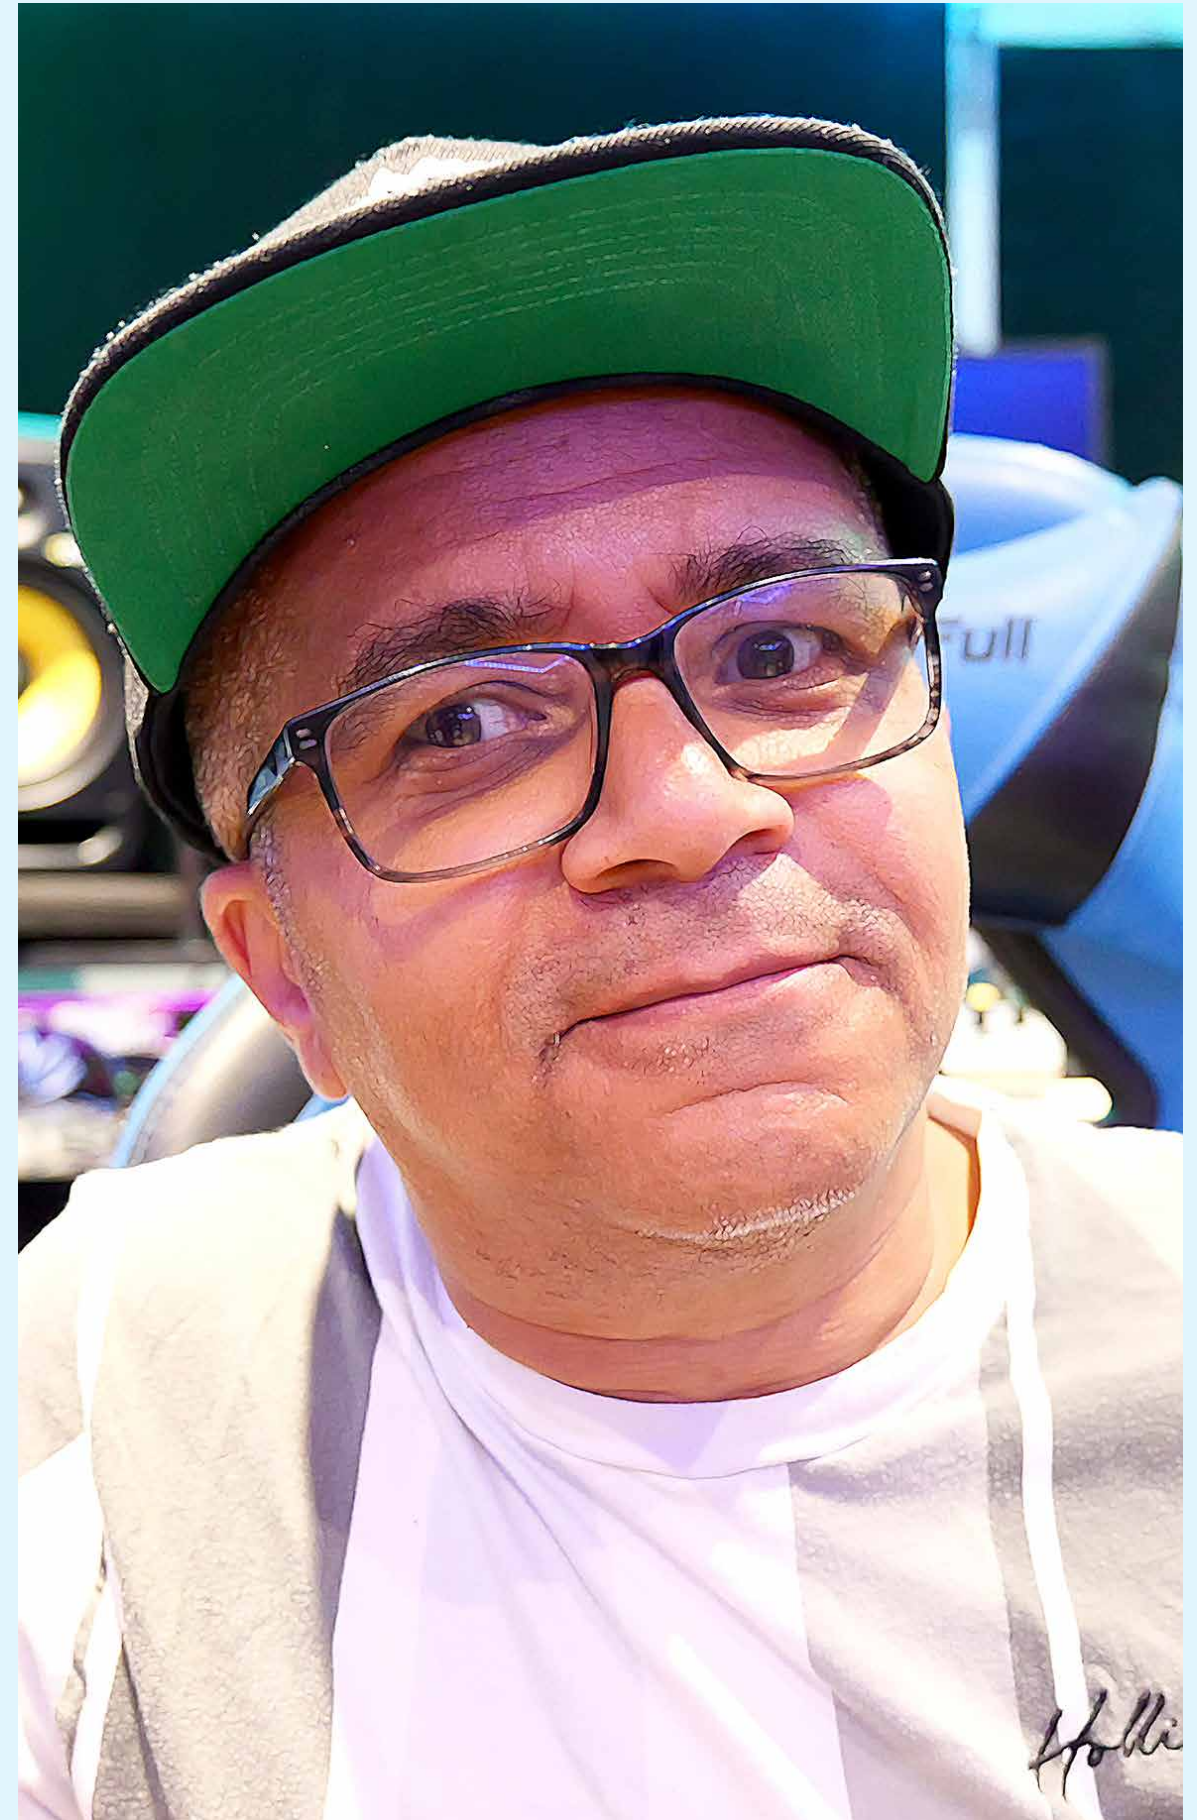

Also known as Bizzy B, Brian is a pioneering DJ and music producer who is a foundational architect of the UK breakbeat hardcore, jungle, and drum and bass scenes.

He is the founder of Brain Records, the East London music label he established in 1992 from his home studio in Leytonstone. One of the most forward-thinking labels of its era, Brain Records has launched the careers of many influential dance artists including DJ Zinc, Peshay and Technical Itch, and pioneered the use of home computers in music production.

Brian was also a key figure on Déjà Vu FM, the legendary pirate radio station that carried hardcore and jungle to communities across London at a time when it was ignored by mainstream broadcasters.

He continues to be a prolific writer, producer, DJ and engineer, with his tracks reaching the UK Singles Chart and featuring in the Guinness Book of British Hit Singles.

His 'Trackers and Breakbeats' exhibition at the Stephen Lawrence Gallery at the university became the gallery's best-attended event ever. He is developing an online course to document and teach the cultural and technical history of UK hardcore and jungle music production for future generations.

Chief Superintendent Shaun White

Honorary Doctor of Business Administration (HonDBA)

A senior Kent police officer with nearly 30 years of experience, Shaun started his career with the Metropolitan Police Service in 1995. He quickly progressed through a number of roles including detective inspector at Lambeth CID, protection team leader for a UK prime minister and detective chief inspector for the Violent Crime Task Force.

Since his transfer to Kent Police, Shaun has served as the North Kent divisional commander and, more recently, the strategic prevention lead. In this capacity, he has made a significant impact on communities across the county.

He is a vocal advocate and influential figure within high-harm and vulnerability policing. A key member of Kent Police's County Lines and Gangs Team, he has been recognised for his efforts in protecting vulnerable young people and dismantling drug supply networks – work that led to a High Sheriff Award in 2022. He was also awarded the Freedom of the City of London in 2024.

Shaun has a long-standing association with the University of Greenwich through public lectures, Race Action Plan events, mentoring and knowledge exchange, which have all enriched the student experience.

Take control of your career

As a recent graduate, you can access free support from the Employability Service team for up to two years after completing your studies. Our Target Connect platform - your one-stop shop for accessing coaching appointments, events, graduate jobs and more remains a very important tool. Support is here, as you navigate your career: Careers | University of Greenwich

Discover how our Employability Service supports graduates

“The Employability Services at the University of Greenwich played a crucial role in shaping my career journey. From the moment I began exploring opportunities as a student, their expert advice, one-to-one support, and encouragement kept me focused and motivated. Target Connect was more than just a platform to find opportunities—it became central to my development, allowing me to book appointments, access

tailored advice, and participate in university-wide events that helped grow my professional network and confidence. Through Target Connect, I secured my initial placement as an Employer Engagement Assistant at the university, gaining hands-on experience and valuable skills with ongoing support from the Employability Service. This ultimately led to securing a graduate role as an Employability Team Administrator, a milestone I’m incredibly proud of. I strongly encourage all students and graduates to take full advantage of the Employability Service and Target Connect, as they are powerful tools for turning ambition into achievement.”

Sreeraj Premarajan
MBA International Business

“I was delighted to take part in the Greenwich Employability Service’s Mentoring Scheme after I graduated. As I continued my School of Education and pivoted in my aspirations from Digital Marketing towards User Experience Design, I found the need for additional support from a professional who could bring me up to speed in the field. I had heard great things about the Mentoring Scheme at Greenwich and its impressive network, so I didn’t hesitate to apply. I was matched perfectly with a Designer from JPMorgan and I was invited to their offices for an official launch and networking opportunity. It felt great to catch up with familiar faces and make new connections, which made me feel as part of the Greenwich community again.”

Djeylan Karadayi
BA Advertising and Digital Marketing Communications

“Having access to Target Connect was extremely helpful for my job hunt. It allowed me to easily check my CV and see if it was tailored to the job description, as well as practice psychometric tests. The fact that I had access to a variety of psychometric tests enabled me to pass the real ones easily and move to the next step of the recruitment process. Ultimately, having access to these psychometric tests was extremely beneficial in securing my graduate role in Auditing, and I would highly recommend future graduates to make use of these platforms.”

Victoire Briatte
BA International Business with Language

The Greenwich Employability Service's Mentoring Scheme gives priority to current students and recent university graduates who are within two years of graduating but are not in full-time employment.

Adarsh Anil

Course: MBA International Business, 2023

Job: Junior Research Consultant

“When I think back to my time at Greenwich, what stands out most is not just the academic side, but the people... That kind of support changes how you see things. It made me realise how important mentorship and community really are. I think a big part of what I gained from Greenwich came from actually engaging with everything that was available, not just focusing on classes. The projects,

the people, the small, unexpected moments, they all added up. And even now, those experiences still shape how I approach my work and what I want to do next.”

Jessica Selis

Course: BSc (Hons) Criminal Psychology, 2024

Job: Probation Service Officer

“I started at Greenwich in 2021, studying Criminology and Criminal Psychology, driven by a dream I had since childhood which was to work in probation... Greenwich gave me the chance to apply what I was learning in real-world contexts, giving me an edge once I graduated... Graduating with a first-class degree was a proud moment. I started applying for roles aligned with my studies and sought support from the

Greenwich Careers Service. They helped me create a strong CV and prepare for interviews, which was invaluable. Out of more than 2,000 applicants, I was offered a position as a Probation Service Officer at the Ministry of Justice.”

Vidushii Rajiv Verma

Course: BEng (Hons) Software Engineering, 2025

Further study: Product Management

“ Academically, the Software Engineering course gave me a strong technical foundation in structured problem-solving, programming and systems thinking. Some modules were demanding, but that challenge helped me build discipline and analytical skills that are essential in the technology sector... Beyond lectures, I actively invested in experiences that strengthened my

employability and engagement with the university community. I worked in student roles on campus, served as an academic representative, supported and ran societies, participated in hackathons, and engaged with university initiatives.”
