## Your username and password

Your university username and password are your keys to everything - from the Portal and Moodle to Microsoft Teams and your student record.

## One login, many services

We use single sign-on (SSO), so you only need to remember one set of details to access our systems.

## **Changing your password**

You can change your password anytime. Click the '<u>Change password</u>' link at the top of the Portal homepage.

## Resetting your password

You're automatically registered for self- service password reset when you set up your security preferences.

Follow our **password** guide to get started.

## Password expiry

Your password will expire every 18 months. Don't worry - we'll remind you before it happens.

# Multi-Factor Authentication (MFA)

MFA adds an extra layer of security to your university account. All students must use MFA when logging on to our systems.

## **Set up MFA with the Microsoft Authenticator app**

We recommend using the "receive notifications for verification" option - it's the quickest and easiest way to approve logins.

#### How it works

When you log in, you'll need to enter the number on screen into your app. This is number matching, and it helps keep your account safe.

**Top tip**: If you have more than one device, <u>set up MFA</u> on both. That way, you'll still have access if one goes missing.

## Your Greenwich Gateway Card

Your <u>Greenwich Gateway Card</u> is your student ID - and so much more.

#### You'll need it to:

- Visit our campuses (please carry it with you at all times)
- Access and use the libraries
- Enter university buildings
- Print, scan and copy documents

## **Getting IT support**

## Need help with IT?

Visit <u>servicedesk.gre.ac.uk</u> and sign in with your university username and password. With IT self-service you have one place to manage your IT support that you can access at any time, from any device, anywhere.

#### Here's what you can do:

- Find answers to common questions
- · Chat with our chatbot to get quick answers or log a ticket
- · Use smart forms that guide you through what we need to help you
- Track your support tickets in real time

#### New to IT self-service?

Our **quick-start guide** will help you find your way. You can also contact us Monday to Friday, 9am–5pm (excluding bank holidays and university closures).

We'll try to resolve your issue straight away. Your request will be prioritised based on how urgent and impactful it is - and you can follow its progress online.

## Having trouble with a specific service?

Check the **status of our digital services** before getting in touch.

# **Keeping your information secure**

We all play a part in protecting university data.

## Why it matters

Without strong security, years of research, personal data and sensitive documents could be at risk.

#### Your role

Be mindful of how you store, share and access information. Follow university **information security guidance** and report anything suspicious.

## The Portal

## Log in with your university account

Use your full username (e.g. ab1234c@gre. ac.uk) and password to sign in at **portal.gre.ac.uk**.

#### From the Portal, you can:

- Access Moodle (our virtual learning environment)
- View your courses and grades
- Check your library account
- Read university news and announcements
- Explore the full range of services available to Partner students

## Wi-Fi on campus

Stay connected wherever you are. eduroam Wi-Fi is available across all university buildings.

## Set up before you arrive

To connect automatically when you reach campus, **set up your Wi-Fi profile in advance**.

Use your full university login: username@gre.ac.uk (e.g. ab1234c@gre.ac.uk) and your university password.

The **geteduroam app** is available for iOS, Android (version 8+), and Windows. It makes all the necessary changes to your device for a smooth connection.

## Studying remotely

You can access most university IT services from anywhere - whether you're at home, in a café, or travelling.

Stay connected, stay secure
Our remote access guidance shows you how to:

- Reach the tools you need quickly
- Keep your data safe while working off campus

## Library access

Your <u>campus libraries</u> are here to support you. You'll find us at:

- Avery Hill (Southwood Site)
- Greenwich (Stockwell Street, Building 10)
- Medway (Drill Hall Library)

#### Each library includes:

- Computing facilities
- Group study areas
- Academic Support Hubs

## **Opening hours**

Libraries are open late most days during term time, with 24-hour access during exam periods.

#### **Email us:**

Greenwich: <u>library@gre.ac.uk</u> Avery Hill: <u>library@gre.ac.uk</u>

Medway: dhlhelp@medway.ac.uk

## **Software Center**

Need extra software for your studies? You've got access to a range of licensed applications through the Microsoft Software Center when you log in to student PCs on campus.

### How to open it:

- Click the Start button (bottom left of your screen)
- Look for the Software Center tile under 'Tools'
- Or type "Software Center" into the search bar

From there, you can browse and install the software you need.

## Your personal file storage

Every student gets 1TB of cloud storage with **OneDrive for Business**.

## Why use OneDrive?

- Store and access your files from anywhere
- Share documents with staff and fellow students
- Keep your work safe and backed up

Please don't try to save files to the local hard drives in IT labs.

## Microsoft 365 on your own devices

As a Greenwich student, you get free access to the full Microsoft 365 suite, including Word, Excel, PowerPoint, Teams and OneDrive.

## Install on up to 10 devices

That's 5 PCs or Macs, and 5 tablets or phones.

#### To install:

- Go to <u>login.microsoftonline.com</u> on the device you want to use
- Click on Apps, then 'Install apps'
- Choose your version and download the installer
- 4. Once installed, sign in with your university username and password

Microsoft apps are also available in the iOS and Android app stores.

# Academic and digital skills support

Boost your skills and confidence
Our <u>Academic and Digital Skills Team</u> is here to help you study more effectively.

#### We can support you with:

- Essay writing and referencing
- Research and critical thinking
- Dissertation preparation
- Presentation skills
- Digital capabilities

#### What's available?

- Integrity Matters: an e-learning module on academic integrity
- NextLevel: an online course covering library, study and digital skills
- Building Digital Skills: a workshop series to help you get confident using Microsoft 365 tools and other key platforms for your studies

## IT labs and laptop loans

Need a quiet place to work or a device to borrow?

#### Open access IT labs

Available on all campuses - no booking needed. Many are open late, and some offer 24/7 access during busy times.

### Library study areas

Each campus library has desktop PCs or laptop docks, and multi-function devices (MFDs) for printing, copying and scanning.

## Laptop loans

#### Borrow a laptop from your campus library.

They're secure, ready to print, and come with all the standard student software - including Microsoft 365.

## Printing, copying and scanning

You'll find our multi-function devices (MFDs) across all campuses. These let you print, photocopy and scan with ease.

## **How to print:**

Send your document to:

- GM-MFD-Print (Greenwich and Avery Hill)
- ME-MFD-Print (Medway)

Go to any MFD and tap your Greenwich Gateway Card (or enter your username and password) to release your print job.

## Top up your print credit

Visit **printcredit.gre.ac.uk** while on campus.
