

ACADEMIC COUNCIL DELEGATION FRAMEWORK

Introduction

The Academic Council Delegation Framework, approved by the [Academic Council](#), summarises the powers delegated by the Academic Council.

The University's [Articles of Association](#) state that the Academic Council shall “subject to the control and approval of the Governing Body, oversee the teaching and research of the University and be responsible for the academic quality and standards of the University. The Governing Body shall receive and test assurance from the Academic Council that academic governance including the standard of academic awards, the student academic experience and student outcomes are adequate and effective”. The Academic Council ensures that the Office for Students conditions of registration for quality and standards are met and provides this assurance to the Governing Body.

The Academic Council has delegated authority to make academic regulations that regulate the programmes of study and research at the University and other matters concerning students.

The Academic Council has approved this framework for delegations to its committees and the Vice-Chancellor.

For further information, see the [University Delegation Framework](#) webpage or contact the [Secretariat team](#).
