

## Staff Visa Compliance Information Hub

Dear Colleagues

The People Directorate are very excited to announce the launch of the [Staff Visa Compliance Information Hub](#), our one stop shop for all staff visa compliance information.

The Staff Visa Compliance Information Hub can be used by existing university employees and prospective employees as a guide to the UK immigration system and it provides information regarding the rules and processes for governing staff immigration to the UK.

Line managers can also find information on the rules and responsibilities surrounding appointment of staff who require a visa to work in the UK.
